

## Miss Dotson

---

Hi! My name is Kellie Dotson and I am very excited to be a part of the Sacred Heart Family. I have lived in Hollister the vast majority of my life.

I graduated from California State University, Chico with the BA in Child Development and a Minor in Psychology followed by a Multiple Subject Teaching Credential. I student taught in fifth/sixth combination class and a second grade classroom. In addition, I have volunteered at a variety of schools, classrooms, and grade levels.

This year I will be teaching fourth grade, which I am thrilled about. I am anxious to meet all the students and their families.
