

Mr. Klauer

I am honored and excited to be able to say that I am part of the Sacred Heart family. This is my first year at Sacred Heart but I have been a Spartan for five years now. In 2010 I graduated from San Jose State University with a Bachelors of Science. I am proud to say that I was able to play collegiate baseball with many great people. I have spent the last year substituting part-time at Sacred Heart as well as full-time at San Benito High School. I was lucky enough to coach a great group of young men on the junior varsity baseball team.

I enjoy traveling, eating and baseball. These three passions have taken me all over the United States and to several foreign countries. I love experiencing, seeing, and tasting new things. I am always open to trying new things and exploring different cultures.

I am very excited for this school year. It will bring new experiences as well as challenges. I look forward to meeting my class and getting to know each member of the Sacred Heart community.
