

Mrs. Higgins

I am a lifelong resident of Hollister and graduated from Sacred Heart Parish School in 1971. I have been married for 36 years, my three children attended Sacred Heart Parish School and currently my granddaughter is enrolled. A Catholic education is an important family tradition.

I majored in Early Childhood Education at Gavilan College and have more than 25 years experience with preschool age children. I am beginning my 12th year teaching at Sacred Heart Parish School.

I regularly attend state and local conferences to keep abreast of the latest trends and opportunities in child development and remain up-to-date with both state and national standards.

It is such a privilege and honor for me to help each child reach his/her God-given potential through building a positive self-image and exhibiting respect for ourselves and others. Most importantly, Sacred Heart Parish School allows me to promote the love of God throughout our day, throughout our school, throughout our community.
