

Mrs. Andrade

Born and raised in Hollister, I began my education at Sacred Heart Parish School. I am a graduate of Sacred Heart Parish School in Hollister (1971), Notre Dame High School in Salinas (1975), and Saint Mary's College of Moraga (1979). I had the phenomenal opportunity to study in Rome the fall semester of 1977 through Loyola University, Chicago. My post graduate education and credential were completed at SJSU and National University.

Having attended Catholic schools for 16 years and taught in the system for almost 30 years, I believe in and I am proud of my participation and affiliation with the Catholic education system.

My first teaching assignment was here at Sacred Heart Parish School in 1980. This year I begin my 29th year of teaching at Sacred Heart. I have taught grades 3/4, 4, K, 1, and 2/3. My love of the classroom has been enriched through every grade level.

As an educator I believe it is my mission to create a safe and loving classroom based on mutual respect, where my students and I may learn from our mistakes and each other. This empowers each of us to live up to our God given potential. I am truly blessed and privileged to be in a profession which allows me to flourish in my faith and share that faith with my students.
