

Miss Tiller

My name is Michele Tiller. I am originally from the east coast, Somers Point, New Jersey to be exact. My parents and I lived in Gilroy, California for over twenty years. After graduating from California State University, Fresno with a Bachelor's degree in Early Childhood Development, I moved to Hollister, California. Following my relocation, I completed the credential program at Chapman University in Monterey. Currently, I am completing a Master's degree in Teaching through California State University, Fresno.

I am beginning my 12th year of teaching at Sacred Heart Parish School. My teaching experience includes grades two and three and most recently I accepted a new position as the Technology Coordinator at Sacred Heart Parish School. Presently I teach computer technology to all the students, it is very different from a traditional classroom. Every day is different and I enjoy working with the all various grade levels and watching what they can do on the computers.

In my free time I enjoy reading, gardening, taking care of my four dogs, which include several foster dogs from the foster-home-based animal rescue organization, All Creatures Great and Small.
