

Miss Young

Hey there! I am Miss Young! I will begin my second year teaching Science at Sacred Heart Parish School.

I am a third generation Hollister native. I grew up in the Sacred Heart Parish. I was confirmed at Sacred Heart Church in 1997. I graduated from San Benito High School in 1999 and in 2003 graduated from California State University, Fresno.

While in college, I spent a tremendous amount of time teaching and mentoring Central Valley middle school students. As a bulldog, I enjoyed being a part of the "Red Wave," and cheering on several bulldogs that would later be drafted into the NFL.

As an alumnus of Leadership San Benito County, I am an active member in community events. I love camping, riding ATVs, and cheering on my favorite sprint car racers. You may see me cruising around town on my beach cruiser or my lightning fast rollerblades.

I am passionate and innovative teacher, and love nothing more than making my students laugh while they learn.
